

LTH Dresden • NL der ALPMA Alpenland Maschinenbau GmbH  
Salzburger Straße 38/4

## ▶ Membrane SERVICE

Our **Membrane SERVICE** is the answer to the requirement for immediate action! The free storage of your membranes at our premises will save you time, storage costs and energy and, at the same time, will increase the production reliability of your system.

### How does it work?

- ▶ ALPMA / LTH Dresden will work out a carefully tailor-made offer for common membrane modules.
- ▶ After placing the order, the membranes will be stored at our Dresden plant.
- ▶ Payable in 12 or optionally in up to 18 equal monthly settlements.
- ▶ After delivery of the complete stock within the agreed months, the remaining installments will be due.

With our **Membrane SERVICE** you are on the safe side. The fast availability of your membranes will protect you from unpleasant production down-times.

### Your advantages:

- ▶ Short-term availability
- ▶ Fast delivery
- ▶ High production reliability
- ▶ Calculable costs
- ▶ No storage costs
- ▶ Professional „first in – first out“ warehousing

We are looking forward to your call in our service department.
